MEMBERS OF THE ACADEMIC SENATE, SAN DIEGO DIVISION

SUBJECT: 2015-2016 Representative Assembly Meetings

Dear Colleagues,

In advance of the October 27, 2015 Representative Assembly meeting, I would like to take the opportunity to remind you that all Senate members are invited to attend Representative Assembly meetings. The Chancellor or Executive Vice Chancellor address the Assembly each meeting and provide updates to the faculty on current topics of interest. New graduate degree programs and modifications to Divisional Senate bylaws and regulations, which govern Senate operations and the curriculum, are presented for a vote by the Assembly. Attending Representative Assembly meetings is a great way to keep informed.

The meetings will be held on Tuesdays from 3:30 to 5:00 p.m. in the Garren Auditorium of the Biomedical Sciences Building, on the following dates.

- October 27, 2015
- December 1, 2015
- February 2, 2016
- April 12, 2016
- June 7, 2016

Meeting agendas are posted on the Senate's website five instructional days before each meeting. The Senate's website also provides information on the structure of the Senate, the work performed by Senate committees, and information on topics of interest to faculty.
